ABOUT THE NORTHWEST JUSTICE LEAGUE

The Northwest Justice League was formed in December of 2015 through a collaborative effort amongst law enforcement agencies in the Northwest and the career fair was created from the foundation of the Northwest Women's Law Enforcement Network. The Mission of the Northwest Women's Law Enforcement Network (NWWLEN) is to build the future of women in law enforcement through recruiting, mentoring and professional development. We are committed to establishing relationships with schools, youth and women's groups, business and non-profit(s) organizations that support leadership and empowerment for women.
